

VETiS 2018

Expression of Interest for Auspiced Programs

If you wish to express interest in any of our VET in Schools auspiced programs, please complete the attached form and return by email to: vetinschools@kangan.edu.au. All EOI's are required to be submitted **before Friday 6th October 2017**.

To be considered for an auspice arrangement with Bendigo Kangan Institute the following forms are required to be completed and submitted:

- A list of all the courses that you are requesting to be auspiced, including Trainer names and emails;
- A current Training and Assessment Strategy (TAS) outlining the Units to be delivered and the teacher qualifications relevant to that unit of delivery. You can use a school TAS or alternatively I can provide you with the BKI TAS.
- The Staff Qualification and Current Matrix – Mapping grid. If this is included in your TAS then there is no need to complete it again.
- The Units of Competency that you intend to deliver for each qualification.

Any VET in Schools programs fully delivered by the secondary school under the auspice of Kangan Institute will be subject to a pre-delivery assessment in accordance with ASQA standards and requirements. The pre-delivery assessment is conducted by the relevant teaching department within Bendigo Kangan Institute prior to a VET Contract being developed. This can also apply to any school that has a current auspicating arrangement with Bendigo Kangan Institute if the department believes this is necessary.

Please complete all the required documents in conjunction with reading the *Auspicing Fees and Charges* document to ensure your school is aware of the fees, charges and requirements for auspicating your chosen program.

If you have any further questions, please contact the VETiS Unit by email on: vetinschools@kangan.edu.au or phone: 9279 2429
