### Bring out the true beauty of your pictures

The ProArt Series achieves a wide color coverage to exceed industry standards by delivering 85% Rec. 2020, 99.5% Adobe RGB, 95% DCI-P3 and 100% sRGB. Designed to enhance the contrast between the brightest and darkest parts of an image, the panels feature HDR technology to deliver exceptional onscreen clarity and detail.

### ASUS ProArt™ Calibration technology

Whether you're using a PC or Mac, ASUS ProArt Calibration technology offers color accuracy tuning and uniformity compensation to make things easy when it's time to recalibrate your display's brightness and color consistency. Additionally, the ProArt Series displays are factory pre-calibrated to ensure color accuracy with a  $\Delta E$  value below 2.
