<i>Hospital de La Concepción (PR)</i>	146
<i>GLOBAL HEALTH ELECTIVES</i>	148

Disclaimer:

Students have scheduled and completed clinical clerkships at all sites listed, with the exception of San Antonio Regional Hospital, Open Door Community Health Centers, and Unity Health – White County Medical Center (new clinical sites). The clerkships referenced were conducted between 2023 and 2025.

Introduction

Dear Students,

We understand that scheduling elective clerkships can seem like a daunting task. In an effort to make the process easier for you, the Office of Clinical Advising and Clerkships (CAC) has created this guide. It is comprehensive and is frequently updated, as sites will occasionally change offerings. Here, you will be able to find the following information on each site **affiliated** with Ross University School of Medicine (RUSM):

- Contact info
- Information on the clinical site
- Procedures to schedule electives
- Site-based requirements
- Lists of clerkships offered and Accreditation Council for Graduate Medical Education (ACGME) -accreditation

You can always contact a CAC advisor should you have additional questions or are unable to find information by writing to clinical@rossu.edu.

Unaffiliated sites

On occasion, students will choose to complete elective clerkships at sites that are unaffiliated with RUSM. This is acceptable with a few caveats. RUSM students may complete **only 2** electives for a total of eight (8) weeks of elective clerkships **per** unaffiliated site. An unaffiliated site must be a teaching hospital. Rotation(s) has to be ACGME-accredited.

Before applying for rotations at an unaffiliated site there are certain things we need to verify. The scheduling process for rotations at unaffiliated sites is provided below:

If the program has a sponsoring or participating institution of an accredited ACGME residency program in the specific specialty/subspecialty, it **does not** require an agreement in order for you to participate and is within a state that allows international medical students to engage in clinical rotations, you may apply as you wish.

If the program has a sponsoring or participating institution of an accredited ACGME residency program in the specific specialty/subspecialty and **does** require an agreement in order for you to participate and is within a state that allows international medical students to engage in clinical rotations, CAC will need the name of the site, address, phone number, email address, name of the site coordinator, as well as the requested rotation name, dates, and ACGME number.

Please note: we request a minimum of 90 days prior to the expected start date for an agreement to be executed. Approved affiliation agreements are never guaranteed and depend on both legal parties coming to an agreement. This process may take longer than 90 days, so it is important for you to inquire with each program well in advance.

If the program **is not** a sponsoring or participating institution of an accredited ACGME residency program, **does not** require an agreement in order for you to participate and is within a state that allows international medical students to engage in clinical rotations, the below information is required.

The CAC office must receive the following documentation before the anticipated start date of the requested rotation so that the Clinical Director may review and approve it before beginning:

- syllabus for the elective curriculum, including the goals, objectives, and expected learning outcomes for the elective;
- a schedule of daily activities;
- who will evaluate the student;
- how will the evaluation be conducted; and
- what criteria will be used for the evaluation process.
- The name and credentials of the attending physician [CV] who will be responsible for the elective must be submitted along with a curriculum.

Please be aware that students are **HIGHLY** discouraged from completing rotations at nonaffiliated sites that are **not** ACGME-accredited.

Keep in mind that it is important to verify the cost of tuition so you know your financial obligations since you may be required to pay the site directly. If you have questions or require any assistance with the application process, please contact one of our CAC Advisors by phone at (754) 208-4589 or email clinical@rossu.edu.

The process to research and request electives at unaffiliated sites is as follows:

- a) First, student must contact the site and ask if they accept RUSM medical students for rotations. Sometimes websites are not up to date, so it is important to speak with someone within their Graduate Medical Education office. Make sure to obtain the name of the person you spoke with, their title, and contact information.
- b) If the site accepts RUSM students, ask if the site accepts students for the rotations and dates being requested.
- c) Student must check if the elective clerkship is ACGME-accredited.

Student must also determine if the clinical site requires an affiliation agreement. If so, one must be drafted and sent to RUSM's legal department. This process may take a minimum of 90 days, so plan accordingly (keep in mind that affiliation agreements may or may not be accepted by either the site or RUSM).

If the above are "yes," then student may submit the complete application package to CAC (student is responsible for determining exactly what documentation is required by the student and RUSM, which may be all or any of the following items: the site application form, any fees required, CV if required, letter of intent if required, health documents, etc.). This can be attached in an email to clinical@rossu.edu. Once received, CAC will complete RUSM's portion of the application and either send directly to the site on student's behalf; or send to student to send to the site directly. Once a rotation confirmation email is received by student, this should be sent to clinical@rossu.edu, the student schedule will be updated and the standard documents will be sent to the site – malpractice insurance, blank evaluation form(s) (letter of good standing and/or transcript, if requested by the site).

Limits

A total of 42 weeks of elective rotations may be taken. Each elective clerkship should be at least 4 weeks in duration. Internal medicine electives include family medicine, neurology, emergency medicine, radiology, ophthalmology, sports medicine, critical care, dermatology, PM&R, as well as all the traditional internal medicine subspecialties.

The following electives meet Internal Medicine (IM) requirements:

Accident & Emergency	Dermatology	Physical Medicine & Rehab.
Acute Medicine	Emergency Medicine	Preventive Medicine
Addiction Medicine	Endocrinology	Pulmonary Medicine
Adult Intensive Care Unit	Gastroenterology	Pulmonary/Critical Care
Allergy and Immunology	Geriatrics	Pulmonary/ICU
Ambulatory Care	Hematology	Pulmonology
Ambulatory Medicine	Hepatology	Rehabilitation Medicine
Cardiology	Hospitalist	Renal
Cardiology/ CCU	Infectious Disease	Respiratory Medicine
Cardiology/Critical Care	Intensive Care Unit	Rheumatology
Cardiovascular Disease	Medical Sub-Internship	Sleep Medicine
Cardiovascular ICU	Nephrology	Sports Medicine
Community Medicine	Neurology	Wound Care
Coronary Care Unit	Oncology	
Critical Care Medicine	Palliative Medicine	

VSAS (Visiting Student Application Services)/VSLO (Visiting Student Learning Opportunities)

Please keep in mind that only Liaison Committee on Medical Education (LCME) schools utilize VSAS, therefore RUSM students are ineligible to apply through that system. Students are also ineligible to apply through the VSLO system. Students interested in such sites should contact the sites' Academic Affairs offices and find out if there is an alternative way to apply. Some sites will only accept students from LCME schools, and usually sites which require the VSAS process are LCME schools.

ACGME-Accreditation

ACGME stands for the Accreditation Council for Graduate Medical Education and is the body that accredits residency programs in the USA and Puerto Rico. Because RUSM students are considered international medical graduates (IMGs), many state licensing boards have different criteria for our students to fulfill in order to become licensed in those states. One of the criteria is for the elective clerkships to be completed at a site that sponsors or is a participating institution in an ACGME-accredited residency program in that specific specialty. It is not sufficient for an internal medicine program to sponsor a subspecialty (e.g., radiology). In the state of California, if a site has a family medicine (FM) residency program, their medical board may allow a rotation to be considered for credit toward licensure due to their acceptance of the rotation being conducted under the auspices of the FM umbrella. Some states do not. **RUSM's only interest in limiting the number of non-ACGME rotations students can complete is so that our graduates are able to become licensed in all 50 states.** The ACGME-accreditation information for each site can be found at the www.acgme.org website. For our affiliated sites, the research has been done for you, and the ACGME-listing for the clerkships offered can be found in this guide. ***(Please be advised that this information may change. Students should check the ACGME site (www.acgme.org) prior to scheduling any elective clerkship).***

Unapproved States

Students are not eligible to complete rotations in Nevada, New Hampshire, New Jersey, *New Mexico, *North Carolina, *Oregon, *Rhode Island, Texas, *Washington, and Wyoming. (*Conditions may vary by state, rotations may be requested and reviewed on a case by case basis.)

New Jersey

Per statute, RUSM students are ineligible to complete elective or core clerkships in the state of New Jersey. Students, however, are able to engage in residencies and fellowships; and may obtain licensure in New Jersey.

Texas

The Texas Legislature enacted a law prohibiting the state approval body from enabling all international medical schools, among others, from independently engaging and entering into an affiliation agreement with a Texas teaching hospital.

RUSM students remain able to complete select elective rotations in Texas if they are a “visiting student” at a Texas medical school. This requires applying and gaining acceptance to an individual Texas-based medical school as a visiting student. Students may not engage in elective clerkships at individual hospitals or sites, and all applications must originate through the education affairs offices of a Texas medical school. Otherwise, RUSM students may not complete any clerkships in the state of Texas.

Important Note on Elective Clerkships

Please keep in mind that all sites – whether affiliated with RUSM or not – reserve the right to accept or deny any student for an elective clerkship based on availability, minimum United States Medical Licensing Examination® (USMLE®) Step 1 score requirement, or other criteria. Sites reserve the right to limit the number of clerkships offered at any given time. **No site is guaranteed for any clerkship and the Academic Affairs Department at individual clinical clerkship sites have the final word on acceptance or denial of placements.**

If you have been denied a placement in an elective clerkship and feel that an error was made, please forward your information to CAC for review. They will assist you in managing the situation. Further support is available from the Associate Dean of Student Affairs. It is in your best interest not to appeal to the site directly and imperative that you demonstrate the professionalism of a physician-in-training when scheduling elective rotations.

Cancelling an Elective Rotation

If a student changes the confirmed elective schedule for any reason with less than 45 days’ notice before the scheduled start date, he or she will be charged an administrative fee of **\$600** per week for the total number of weeks cancelled. This fee will be in addition to any penalty fee charged by the hospital and includes elective clerkships at both affiliated and unaffiliated sites.

If a student is administratively removed, placed on suspension, dismissed from RUSM, or unable to attend the rotation for any reason with less than 45 days’ notice before the commencement of a rotation, the student will be charged the aforementioned administrative fees. Students removed, suspended, or dismissed while rotating are also subject to the financial aid guidelines as set forth in the student finance section of the Student Handbook. **Please note that some hospitals require 60 or 90-days’ notice before the scheduled start date.** Students traveling internationally, or from one state to another must follow CDC guidelines regarding COVID-19.

Selecting Your Fourth-Year Elective Clerkships

Important considerations when choosing elective rotations

Identify your specialty (or specialties) of interest, and the areas/regions you desire to live in as you start your medical career. Familiarize yourself with the licensing requirements for the particular area in question, in order to ensure that elective selections will both meet these requirements, as well as make you a desirable candidate.

Consider the respective site's policies on IMGs. You should focus on sites that have a positive and effective relationship and history with IMGs to ensure that you have the most productive learning experience. RUSM students have had success in gaining residency spots at many of the nation's hospitals; these hospitals would be a great place to start your search for electives, because you know that they have a history of offering RUSM students residency positions. Please refer to the RUSM Match list for more information on these hospitals (<https://medical.rossu.edu/md-program/residency>). (**Please keep in mind many of our students match in New Jersey. RUSM students can earn residency and fellowship positions in such states, as well as licensure; however, due to state legislation, RUSM students are unable to complete clinical clerkships in restricted states.*)

Subspecialties are important. Residency programs may like to see that you have experience that directly correlates to the specialty that you desire. This may also be your opportunity to gain a greater understanding of what that particular residency entails. A sub-internship (abbreviated "Sub-I"), or acting internship fourth-year clerkship, is where a student will perform the role of an intern or first year medical graduate, under the supervision of senior house staff and attending physicians. The rotation is generally pursued in the field appropriate to career interest. For example, a sub-I can be taken in Internal Medicine, Surgery, Pediatrics, Psychiatry, etc. Many medical students select Sub-Is at institutions where they wish to apply for residency; such rotations serve as "auditions" for the student to demonstrate his or her commitment to the outside program. Consider your future patients. For example, if you have an interest in Primary Care, maybe consider a Cardiology elective.

Consider your own clinical interests. If you have interests that extend beyond those that have fit into your core schedule of rotations, this may very well be your opportunity to explore those interests. Be PROACTIVE and Professional. Naturally this is a competitive atmosphere, so thinking about some of the considerations on this list can help you to be more organized/timely in securing the elective rotation of your choice.

Northeast Region

***Note: If you schedule electives at any site in the state of New York, please see the following:**

The New York State Education Department (NYSED) requires students to seek approval before beginning their first rotations at any NY hospital. In order to adhere to this NYSED state regulation, students completing rotations in New York are required to submit an application for an approval letter. It is important you complete the NYSED application (contact hospitalsupport@rossu.edu for a copy of the application and specific requirements).

We encourage all students in New York rotations to have their updated COVID-19 vaccination information, confirming your Covid-19 booster completion, available upon request from your hospital. If you have not received your Covid-19 booster, please check with your hospital as you may be able to receive your Covid-19 booster onsite without having to visit a separate vaccination location.

BronxCare Health System (NY)

1650 Grand Concourse
New York, NY 10457
(718) 590-1800
www.bronxcare.org

Phone: 914.536.0400

BronxCare Health System is the largest, not-for-profit health care system serving the South and Central Bronx, with 972-beds at two hospital divisions, a comprehensive psychiatric program, two specialized long-term care facilities, and an extensive BronxCare Network of medical practices, including the Dr. Martin Luther King, Jr. Health Center.

Instructions:

How to request elective clerkships at BronxCare:

Clerkships are scheduled directly through the CAC office. Please do not contact hospital directly.

Student requirements:

These documents are your responsibility and **must** be submitted **45 DAYS BEFORE** the start of your rotation to Complio. Documents should not be sent to the hospital coordinator unless requested.

- RUSM Health Assessment Form (Done within the last 12 months)
- PPD Skin Test or QuantiFeron – Negative (done within the last 12 months) - If positive, a negative chest x-ray report from the radiologist's office must be provided
- Positive **Quantitative** Titers – MMR, Varicella, Hepatitis B (Valid 5 years from collection date)
- Tdap (Tetanus, Diphtheria, Pertussis) Vaccine (Completed less than 10 years prior)
- Seasonal Flu Vaccine – Required October 1st – June 1st
- 10-Panel Drug Screen
- CV/Resume
- COLOR Government-Issued ID
- COLOR Passport-Size Photo (2"x2")
- Valid Health Insurance Card - U.S.A Health Plans Only
- 4Med iBook Certifications: - Infection Control Certificate (NYSED approved), OSHA / TB Protection / BBP/ PPE Certificates,
- HIPAA Certificate
- ACLS, BLS & PALS Certificate
- Level I Background Check - MUST be ordered through Complio
- VECHS Fingerprinting - FBI Background Check - MUST be ordered through Complio and follow the appropriate FL Resident/Non-FL Resident instructions
- COVID-19 VACCINE - 2-dose Pfizer or Moderna or 1-dose J&J and Booster

ACGME-Accreditation:

(Clerkships below are 4 weeks in duration and start the first Monday and end the last Friday of each month).

<u>CLERKSHIP NAME</u>	<u>ACGME Number</u>	<u>CLERKSHIP NAME</u>	<u>ACGME Number</u>

Norwalk Hospital is a 366-bed hospital that cares for patients, their loved ones and residents in Fairfield County, Connecticut and the surrounding New York Metropolitan area. We are part of Nuvance Health®, a network of seven community hospital locations and numerous outpatient facilities in the Hudson Valley and Western Connecticut. Our patients benefit from the various multispecialty groups and services across the system.

Instructions:

How to request elective clerkships at Norwalk Hospital:

- Please contact Ms. Moira Barber for availability and scheduling.
- If rotation is available, students receive written confirmation from Ms. Barber. Once confirmation is received, student must forward it to clinical@rossu.edu.

Student requirements:

RUSM Student Health Requirements (Please upload to Complio)

ACGME-Accreditation:

(Elective/Sub-Internship rotations below are 4 weeks in duration and start the first Monday and end the last Friday of each month).

<u>CLERKSHIP NAME</u>	<u>ACGME Number</u>	<u>CLERKSHIP NAME</u>	<u>ACGME Number</u>
Internal Medicine Sub-I	1400811076	Anesthesiology	0403521105
Gastroenterology	1440831002	Cardiovascular Disease	1410813272
OB/GYN Sub-I	2200821055	Pathology	3000811057
Surgery Sub-I	4400813428	Pulmonary	1490831003

TRANSPORTATION:

Some elective clerkships are inpatient based. Other elective clerkships may have an outpatient or commuting component, and students must be able to provide their own transportation. Connecticut's public transit system is not robust, so it is highly recommended that you have your own vehicle to get around. Danbury Hospital has two covered parking garages and students are allowed to use the upper levels; all parking is free.

202-299-5959

Saint Elizabeths Hospital is the District's public psychiatric facility for individuals with serious and persistent mental illness who need intensive inpatient care to support their recovery. Saint Elizabeths Hospital is also a teaching hospital with accredited full time residency training programs for psychiatry, psychology, dentistry and chaplaincy and part time training programs that includes medical students, art and dance therapy, nursing students, and social work students.

Instructions:

How to request elective clerkships at St. Elizabeth Hospital (DC):

Students should contact the Director of Medical Student Education directly to request electives and availability. If a rotation is available, students must receive written confirmation from Dr. Volkov. Once confirmation is received, the student must forward it to clinical@rossu.edu.

Student Requirements:

Documentation required (make sure documents are available 30 days in advance of clerkship and are uploaded to Complio):

- RUSM Health Assessment Form (Done within the last 12 months)
- PPD (negative) OR negative chest x-ray OR QuantiFERON Gold
- Positive Quantitative Titers - (Valid 5 years from collection date)
- Tdap (Tetanus, Diphtheria, Pertussis) Vaccine (Completed less than 10 years prior)
- Seasonal Flu Vaccine
- 10-Panel Drug Screen
- COLOR Government Issued ID
- COLOR passport-size photo (2"x2")
- Valid Health Insurance Card- U.S.A Health Plans Only
- Infection Control Certificate, OSHA/TB Protection/ BBP/ PPE Certificates
- HIPAA Certificate
- ACLS, BLS & PALS Certificates
- Level I Background Check - MUST be ordered through Complio
- COVID-19 vaccination (students must be fully vaccinated)

IMPORTANT Security Clearance procedures for St. Elizabeth:

St. Elizabeth requires students to submit a negative COVID PCR test before the start of their rotations (no more than 7 days prior to the start date). Submit the results to the Director of the Medical Student Education Program Dr. Janna Volkov, MD at janna.volkov@dc.gov. They also require the completion of an additional FBI background check and drug screening - this is separate from the background check and drug screening in Complio. As soon as a rotation is

scheduled, students must contact the Compliance Coordinator Deborah Spencer at 202-727-8946 or Deborah.spencer@dc.gov for the completion of this requirement. Students will not be able to rotate without security clearance.

Electives offered at site (please keep in mind no clerkship is guaranteed):

Students should contact the Director of Medical Student Education directly to request electives and availability. No rotation is guaranteed.

Elective duration is 4 weeks. Electives cannot be reduced to 2 or 3 weeks, but can be extended from 4 weeks to 5, 6 weeks, or longer if needed to satisfy the school requirement for graduation (as per individual request).

ACGME-Accreditation:

(Clerkships below are 4 weeks in duration and start the first Monday and end the last Friday of each month).

Staten Island University Hospital (SIUH) is a two-campus, 714-bed specialized teaching hospital located in New York City's fastest-growing borough. Occupying two large campuses, plus a number of community-based health centers and labs, the hospital provides quality care to the people of Staten Island, the New York metropolitan region, and to patients from around the world. SIUH maintains an academic affiliation with the State University of New York Downstate Medical Center College of Medicine, and Touro College of Osteopathic Medicine and CUNY School of Medicine, whose medical students and residents complete a portion of their training at SIUH.

Instructions:

How to request elective clerkships at SIUH:

Contact the departmental contact with the requested rotation and dates, please list alternate dates and/or electives. If you have any questions, please contact:

Department of Academic Affairs
Email: SIUH_MEDstudents@northwell.edu
Phone: 718-226-1296 or 718-226-1978

Example: Request rotation(s) and time frame directly to the contacts listed above for each department – please put **all** availability for easier scheduling. After rotation is scheduled and confirmed, student is forwarded info packet to complete forms as indicated, student will notify school to send confirmation of rotation with required paperwork. All paperwork must be received **4 weeks** prior to start of rotation, or rotation will be forfeited.

Students will follow-up with email before start of rotation as to information for first day of rotation. ***If you decide to cancel a rotation, email cancellation must be provided to SIUH 60 days prior to rotation start date (copy CAC).**

Student Requirements:

Documentation required (make sure documents are available 60 days in advance of clerkship and submitted directly to the site):

- Completion of New York Infection Control Program and HIPAA
- NYSED Long-Term Approval – hospitalsupport@rossu.edu
- RUSM Health Assessment Form (Done within the last 12 months)
- PPD – Negative (done within the last 12 months) - If positive, a negative chest x-ray report from the radiologist's office must be provided
- Positive Quantitative Titers - (Valid 5 years from collection date)
- Tdap (Tetanus, Diphtheria, Pertussis) Vaccine (Completed less than 10 years prior.
- Seasonal Flu Vaccine
- 10-Panel Drug Screen
- CV/Resume
- COLOR Government Issued ID
- COLOR passport-size photo (2"x2")
- Valid Health Insurance Card- U.S.A Health Plans Only
- 4Med iBook Certifications: -Infection Control Certificate (NYSED approved), OSHA/TB Protection/ BBP/ PPE Certificates,
- HIPAA Certificate
- ACLS, BLS & PALS Certificate
- Level I Background Check - MUST be ordered through Complio
- VECHS Fingerprinting - FBI Background Check - MUST be ordered through Complio and follow the appropriate FL Resident/Non-FL Resident instructions

All students – for all rotations - must be mask fit tested for a mask that the hospital utilizes and is able to supply. SIUH or RUSM does not fit test medical students. Please note that you will need to find your own facility. The masks are as follows:

- 3M 8210 or 8110S Particulate Respirator N95
- Halyard Fluidshield 3 N95 PFR Size small (46827) or regular (46727) (formerly known as Kimberly Clark duckbills)

****Please provide proof of testing along with your medical forms.**

Dates and rotation duration can be flexible depending on site availability. This list is not exhaustive: Not all rotations offered at site to RUSM students may be listed below. Please contact site for availability and offerings. **No rotation is guaranteed.**

Faazia Baksh
Email: fbaksh@ehs.org

St. John's Episcopal Hospital is a full-service community hospital serving the Rockaways, the Five Towns, southern Queens, and southwestern Nassau County communities. It provides general adult medical surgical services, pediatrics, obstetrics, and psychiatric services. The hospital is dedicated to providing post-graduate allopathic and osteopathic medical education as well as clinical pastoral education. It is committed to serving the medically underserved and providing care with ethnic, cultural, and religious sensitivities.

Instructions:

How to request elective clerkships at St. John's Episcopal Hospital:

Students should email Ms. Faazia Baksh for openings. Unless it is an elective scheduled through the MyRoss portal. If rotation is available, students receive written confirmation from Ms. Faazia Baksh. Once confirmation is received, students must forward it to the RUSM coordinator & clinical@rossu.edu.

Student Requirements:

Documentation required (make sure documents are available 45 days in advance of clerkship and submitted directly to the site):

- Physical Exam form with physician/office stamp (within 1 year)
- Immunization Documents (official laboratory results, antibody titers accepted within three years; laboratory results must reflect an immune status; proof of vaccination is required if laboratory results are non-immune)
- Rubella
- Measles
- Mumps
- Varicella
- Hepatitis B Surface Antibodies
- TB test – two negative Tuberculin Skin Test (TST) {one test must be within 3 months, one within one year}; or Negative QuantiFERON-TB Gold (QF-TB) blood test within 3 months; if you have a positive TST or QF-TG you must provide:
 - Documentation of positive TST results in millimeters or positive QF-TB result
 - Copy of a negative chest x-ray report, completed after the positive result
 - Tuberculosis Symptom Screen
 - Proof of Influenza documentation (Season & Lot #)

- Proof of Tetanus, Diphtheria and Acellular Pertussis, (Tdap) documentation
- COVID-19 vaccination (students must be fully vaccinated; receiving booster is encouraged and may be mandated in the future)

Electives offered to RUSM students at the site (please keep in mind no clerkship is guaranteed):

Sinai Hospital of Baltimore (MD)

2401 W Belvedere Ave,
Baltimore, MD 21215

[About Sinai Hospital](#) | [LifeBridge Health](#)

For more than 150 years, Sinai Hospital has been committed to the principles of inclusion, innovation and caring for the whole person. Founded as a 10-room hospital built to serve the needs of Jewish patients and doctors in 1866, Sinai has grown to meet the needs of the greater community, providing compassionate, cutting-edge healthcare across the medical spectrum. With 483 beds, Sinai is the largest community hospital in Maryland.

Beyond the hospital, Sinai offers patients the opportunity to connect digitally with their providers and receive care at several community locations throughout the area. Our award-winning specialists draw patients from around the city, state, country and globe, treating every person who comes to us for care with warmth and respect. As a nonprofit teaching hospital, Sinai provides training for more than 140 residents and 400 medical students yearly.

Instructions:

How to Request a Non-Affiliate Elective

Students should contact the Non-Affiliate hospital site and inquire about:

Elective availability

Hospital application process

Costs associated with application/rotation

Students will then complete the RUSM Non-Affiliate Request Form via MyRoss:

Log into MyRoss at www.rossu.edu/myRoss

Click on Student Services

Click on Clinical Department

Click on RUSM Clinical Department

Click on Clinical Forms

Click on Request for Rotation at Non-Affiliate

Once approved for the rotation, students will need to obtain a confirmation email from the hospital and forward it to RUSM Clinical Advisement at Clinical@RossU.edu to have it added to their schedule.

Student Requirements:

- RUSM Student Health Requirements (Please upload to Complio)
- RUSM Health Assessment Form (Done within the last 12 months)
- PPD – Negative (done within the last 12 months) - If positive, a negative chest x-ray report from the radiologist's office must be provided
- Positive Quantitative Titers - (Valid 5 years from collection date)

Located in West Islip, New York, Good Samaritan Hospital opened its doors in 1959. Throughout the years, modernization and renovations have made what was once a small community hospital into the hospital that it is today. The hospital is part of Catholic Health, a highly awarded health care system on Long Island. In addition to the training you receive at Good Samaritan Hospital, there's a good chance you will have exposure to the expertise offered at other Catholic Health facilities.

Instructions:

How to Request a Non-Affiliate Elective

Students should contact the Non-Affiliate hospital site and inquire about:

Elective availability
Hospital application process
Costs associated with application/rotation

Students will then complete the RUSM Non-Affiliate Request Form via MyRoss:

Log into MyRoss at www.rossu.edu/myRoss
Click on Student Services
Click on Clinical Department
Click on RUSM Clinical Department
Click on Clinical Forms

Click on Request for Rotation at Non-Affiliate

Once approved for the rotation, students will need to obtain a confirmation email from the hospital and forward it to RUSM Clinical Advisement at Clinical@RossU.edu to have it added to their schedule.

Student Requirements:

- RUSM Health Assessment Form (Done within the last 12 months)
- PPD – Negative (done within the last 12 months) - If positive, a negative chest x-ray report from the radiologist's office must be provided
- Positive Quantitative Titers - (Valid 5 years from collection date)
- Tdap (Tetanus, Diphtheria, Pertussis) Vaccine (Completed less than 10 years prior.
- Seasonal Flu Vaccine
- 10-Panel Drug Screen
- CV/Resume
- COLOR Government Issued ID
- COLOR passport-size photo (2"x2")
- Valid Health Insurance Card- U.S.A Health Plans Only
- 4Med iBook Certifications: -Infection Control Certificate (NYSED approved), OSHA/TB Protection/ BBP/ PPE Certificates,
- HIPAA Certificate
- ACLS, BLS & PALS Certificate
- Level I Background Check - MUST be ordered through Complio
- VECHS Fingerprinting - FBI Background Check - MUST be ordered through Complio and follow the appropriate FL Resident/Non-FL Resident instructions

Please contact coordinator for availability. No rotation is guaranteed.

United Hospital Ctr in West Virginia (WV)

327 Medical Park Dr.
Bridgeport, WV 26330
<https://wvumedicine.org/united-hospital-center/>

Site Coordinator:

Kim Signorelli
Kimberly.signorelli@wvumedicine.org

United Hospital Center is the result of a merger between St. Mary's and Union Protestant hospitals in 1970. This bold move provides North Central West Virginia with a regional community hospital that offers a vast array of services.

The new UHC opened in 2010 and is located along Interstate 79 in Bridgeport. The 692,000-square-foot structure rises eight stories. It is designed around the environment with the patient, family, staff, and community in mind – which includes enhanced patient privacy, a high level of technology integration, and improved access to care.

The acute care facility has 292 private inpatient rooms with a medical staff that consist of more than 381 physicians and extenders. UHC employs more than 2,500 employees and is a member of WVU Medicine.

Phone: 248-849-8920

Electives: <https://www.apmeded.org/electives>

Henry Ford Providence Southfield Hospital offers specialty care and 24/7 emergency care. We provide advanced surgical care for serious and life-threatening injuries and illnesses. Our care teams listen to understand your health needs and deliver care that's right for you. Henry Ford Providence Southfield Hospital is a destination for specialty care — including heart, cancer, stroke care, orthopedics and women's health.

Instructions:

How to request electives at Henry Ford Providence Hospital:

Please note that our Medical Student Program's website is under construction and will be available soon. Only students from our affiliated programs (RUSM, MSUCHM, MSUCOM, & Ross Med) may reach out via email to request a rotation. All other non-affiliated US LCME or AOA accredited schools must use VSAS for requests. Rotation requests for the next academic year (starting in June) will be accepted starting May 1st.

Any requests received prior to April 15th for the next academic year will be deleted.

Due to the large volume of requests and inquiries we ask that students to please email any questions to: rcurci2@hfhs.org. In your email, please include your school's name, rotations you are looking for and the dates you are requesting. Please do not contact the campus by phone. Visiting students may complete up to a total of 3 elective rotations at their site. We require 60 days' notice to change or cancel the rotation. This information is subject to change without notice.

Student Requirements:

Documentation required (make sure documents are available 45 days in advance of clerkship and ready submitted directly to the site)

Comm. Hospital of Indianapolis (IN)

1500 North Ritter Avenue
Indianapolis, IN 46219

<https://www.ecommunity.com/education-research>

Ranked among the nation's most integrated healthcare systems, Indianapolis-based Community Health Network is Central Indiana's leader in providing convenient access to exceptional healthcare services, where and when patients need them—in hospitals, health pavilions and doctor's offices, as well as workplaces, schools and homes.

As a non-profit health system with more than 200 sites of care and affiliates throughout Central Indiana, Community's full continuum of care integrates hundreds of physicians, specialty and acute care hospitals, surgery centers, home care services, MedChecks, behavioral health and employer health services. Community Health Network puts patients first while offering a full continuum of healthcare services, world-class innovations and a focus on population health management.

Instructions:

Email: STopoli1@hfhs.org
For scheduling inquiries please email: HFGHMedicalstudentrotations@hfhs.org

Henry Ford Health provides a full continuum of services – from primary and preventative care, to complex and specialty care, health insurance, a full suite of home health offerings, virtual care, pharmacy, eye care and other healthcare retail.

It is one of the nation's leading academic medical centers, recognized for clinical excellence in cancer care, cardiology and cardiovascular surgery, neurology and neurosurgery, orthopedics and sports medicine, and multi-organ transplants. Consistently ranked among the top five NIH-funded institutions in Michigan, Henry Ford Health engages in more than 2,000 research projects annually. Equally committed to educating the next generation of health professionals, Henry Ford Health trains more than 4,000 medical students, residents and fellows every year across 50+ accredited programs.

With more than 33,000 valued team members, Henry Ford Health is also among Michigan's largest and most diverse employers, including nearly 6,000 physicians and researchers from the Henry Ford Medical Group, Henry Ford Physician Network and Jackson Health Network. The health system is led by President and CEO Robert G. Riney and serves a growing number of customers across 250+ locations throughout Michigan including five acute care hospitals, two destination facilities for complex cancer and orthopedics and sports medicine care, three behavioral health facilities, primary care and urgent care centers.

About Trinity-Health Oakland Hospital (THOH)

Trinity Health Oakland Hospital is a 497-bed community teaching hospital, level II trauma center and longtime leader in health care in Oakland County. Trinity Health provides comprehensive care including cardiovascular, stroke, orthopedics, obstetrics, gynecology and cancer care. The hospital has been a leading provider of the most advanced medical care for more than 90 years. As part of Trinity Health System, we have received numerous local and national awards in recognition of our leadership, quality outcomes and clinical excellence. Our personalized care is designed to heal body, mind and spirit as we bring hope and compassion to the communities we serve.

Building on our foundation as a world-class hospital, Trinity Health has invested in the future of our campus and is committed to bringing the best care to community members where they live and work. The hospital campus features a surgical pavilion, south patient tower with 204 private rooms and recently renovated mother baby unit. We continue to expand services available on campus and at convenient locations across Oakland County, including lab, imaging and urgent care services in addition to primary and specialty care. Through a unique partnership, Trinity Health and University of Michigan C.S. Mott Children's Hospital have partnered to improve access to pediatric specialty care for our young patients. Our partnership provides access to pediatric cardiology, orthopedic, urology and now pediatric surgical services right on the Trinity Health Oakland campus, keeping services close to home for families in the Metro Detroit area.

Instructions:

How to request Elective scheduling at THOH:

All Elective scheduling is completed via the scheduler tool located on MyRoss. If there are any questions or concerns on how to complete scheduling in this format, please view the tutorial on the Student Timeline, which is available through Canvas. Students may not schedule rotations through any THOH physician or employee. All clerkships are available and scheduled through the RUSM Online Scheduling Portal only.

*All Elective schedule alteration requests (*reduction, extension, late drop, late add, etc.) must go through our RUSM Clinical Department. All Elective rotations start on the 1st Monday of the month. If an approved RUSM holiday is the 1st Monday of the month, the rotation will start the next day.*

Student requirements:

These documents are your responsibility and **must** be submitted a minimum of **45 DAYS BEFORE** the start of your rotation to Complio. Documents should not be sent to the hospital coordinator unless requested.

- RUSM Health Assessment Form (Done within the last 12 months)
- PPD – Negative (done within the last 12 months) - If positive, a negative chest x-ray report from the radiologist's office must be provided
- Positive Quantitative Titers - (Valid 5 years from collection date)
- Tdap (Tetanus, Diphtheria, Pertussis) Vaccine (Completed less than 10 years prior.
- Seasonal Flu Vaccine (**any exemption must be submitted to student coordinator prior to rotation start*)
- 10-Panel Drug Screen
- CV/Resume
- COLOR Government Issued ID
- COLOR passport-size photo (2"x2")
- Valid Health Insurance Card- U.S.A Health Plans Only
- 4Med iBook Certifications: -Infection Control Certificate (NYSED approved), OSHA/TB Protection/ BBP/ PPE Certificates,
- HIPAA Certificate
- ACLS, BLS & PALS Certificate
- Level I Background Check - MUST be ordered through Complio
- VECHS Fingerprinting - FBI Background Check - MUST be ordered through Complio and follow the appropriate FL Resident/Non-FL Resident instructions

COVID-19 VACCINE REQUIREMENT: THOH will use RUSM Complio submission (**any exemption must be submitted to student coordinator prior to rotation start*)

Additional student requirements:

Students receive onboarding paperwork from THOH via RUSM email.

Onboarding paperwork must be submitted by the orientation date.

Students must complete EPIC training with THOH.

The deadline and other specifics are decided and communicated by THOH.

Elective assignments are communicated by student coordinator or THOH internal system.

Housing arrangements are student responsibility.

THOH may require PPE or restrict floor access for safety or health reasons.

All time off is managed by/with SPC.

Student Lounge:

Available to all medical students. Contains the offices of the DME, SPC, and student coordinator. Badge access is required. Located on the 4th floor of the hospital, in the South Tower, down the hall from GME offices. Contains lockers; relaxation chairs; kitchenette with refrigerators, microwaves, and coffee makers; study tables; computers with printers, ink, and paper provided; additional storage areas including a coat closet; etc. Students have access to

site resources including research, SIM Lab, wellness center (**free of cost*), conference rooms for lectures, coffee shop, gift shop, pharmacy, small market, farm share, and more.

Transportation:

Some clerkships are inpatient, others are ambulatory. Transportation is not provided. Reliable transportation is needed and is strongly encouraged.

Parking:

THOH offers free parking to medical students. Students may only park in the east parking lot and use the pedestrian bridge to enter the hospital.

Dress Code:

Business professional unless otherwise noted by your Clerkship Director (CD) or assigned Attending. White coat is required.

Badge & Badge Access:

Hospital badges are required for all students. Your hospital badge will grant access to areas of the hospital. It must be returned when you finish your rotations.

Hennepin County Medical Center (MN)

730 S 8th St, Minneapolis, MN 55415

<https://www.hennepinhealthcare.org/medical-education-training/>

We have maintained a tradition of excellence in education and patient care since our founding over 130 years ago as the state's first teaching hospital. We treat the region's most critically ill and underserved patients and produce some of the most sought-after professionals in the nation. We provide over 60 specialty care centers, neighborhood clinics, and a hospital campus that spans five city blocks in downtown Minneapolis. Our healthcare system has received national recognition for care quality, advanced technology, clinical research, and academic programs.

Our education and training programs include Graduate Medical Education, Undergraduate Medical Education, Advanced Practice Provider, Nursing, Continuing Medical Education, Emergency and Critical Care, amongst others. We also offer a wide variety of educational resources, most notably the Interdisciplinary Simulation and Education Center and a staffed Medical Library. Our medical education and training programs are approved by national accrediting organizations, including the Accreditation Council for Graduate Medical Education (ACGME), the Council on Podiatric Medical Education (CPME) and the Commission on Dental Accreditation (CODA), Minnesota Medical Association, and others.

E: Adam.Williams@rossu.edu

Mount Sinai Hospital

Founded in 1919 as a 60-bed hospital to serve Eastern European Jewish immigrants and to train Jewish physicians denied educational opportunities elsewhere, Mount Sinai has a rich history of catering to the underserved. Today, the hospital serves a predominantly African American and Latino community with vigor and dedication that has only grown stronger through the years.

Mount Sinai began in 1912 as Maimonides Hospital, named for a great Torah scholar and Aristotelian philosopher born in Spain, trained as a physician and committed to a lifestyle tempered by moderation in all things. After being reorganized and renamed, it reopened as Mount Sinai Hospital in 1919.

In the 1920s, Sinai physicians stressed clinical research in areas such as cardiology, bariatrics, gastrointestinal surgery, obstetrics, and gynecology. During the Second World War, medical research became laboratory-based, with research expanding to subspecialties such as pathology, cardiology, hematology, surgery, psychiatry, anesthesiology and radiology. Most recently, the hospital campus has expanded and developed many innovative community-based programs, with impressive growth in maternal and child health, as well as in the emergency department. Today, Sinai Health System encompasses Mount Sinai Hospital, Sinai Children's Hospital, Schwab Rehabilitation Hospital, Sinai Medical Group, Sinai Community Institute and Sinai Urban Health Institute.

Holy Cross Hospital

Holy Cross Hospital was sponsored by the Sisters of St. Casimir in 1928 and began with a commitment to provide quality health care to all with compassion. Caring for the physical, emotional, and spiritual needs of community residents has always been its core mission. At the time Holy Cross Hospital was founded, there were many newly immigrated families in the community, economic times were tough and there were few area resources for health care. Under the steady direction of Mother Maria Kaupas and the Sisters of St. Casimir, the hospital grew and grew to better care for expanding neighborhoods and new residents. Today, again, Holy Cross Hospital continues to treat many people who might struggle to make ends meet. The mission stays true to Mother Maria's commitment to treat all with respect and love. Holy Cross Hospital joined Sinai Health System January 16, 2012, strengthening the capabilities of the entire system for serving communities on the Southwest and West sides of Chicago.

Holy Cross Hospital is located at 2701 W 68th St, Chicago IL 60629, approximately 7 miles directly south of Mt. Sinai Hospital. Students who accept a rotation at Mt. Sinai Hospital may be expected to complete rotations at Holy Cross Hospital.

Saint Anthony Hospital (IL)

2875 West 19th Street
Chicago, IL 60623
<https://sahchicago.org/>

Saint Anthony Hospital is an independent, nonprofit, faith-based, acute care, community hospital dedicated to improving the health and wellness of the families on the West Side and Southwest Side of Chicago. We have grown to provide medical care, social services, and community outreach to the residents of several city neighborhoods, including: Little Village, North Lawndale, Brighton Park, Garfield Park, Back of the Yards, McKinley Park, Archer Heights, Pilsen, Austin, and Chinatown, as well as suburban Cicero. Saint Anthony offers quality services close to home, caring for people regardless of their nationality, religious affiliation, and ability to pay.

Saint Anthony Hospital is a community hospital, never turning anyone away or leaving anyone behind a community hospital, addressing the challenges that families in our neighborhood face a community-centric institution, engaging families on many levels in improving and sustaining their well-being, and a forward-thinking organization, developing new models for community care that lead to the overall success of the community.

<https://www.trihealth.com/research-and-education/graduate-medical-education>

TriHealth's tradition of post-graduate education of medical students began at Good Samaritan Hospital in 1858 and at Bethesda North Hospital in 1947. We are active in undergraduate medical education, accredited in graduate medical education, and committed to a curriculum of teaching and research that is innovative, applicable to practice, and responsive to community needs.

Residency programs benefit the community by teaching the next generation of physicians. The programs benefit our patients, too, because the teaching environment enhances the overall quality of care. TriHealth residency programs teach students in a nurturing environment that fosters development and success.

Kingman Regional Medical Center (KRMCC) is the largest healthcare provider in northwest Arizona and the only remaining non-profit hospital in Mohave County, Arizona. As a 235-bed multi-campus healthcare system, our center includes more than 1,900 employees, 270 physicians/allied health professionals, and 150 volunteers who care for the health needs of our community.

At KRMCC, we are committed to offering a full range of medical services to meet the health and wellness needs of our vibrant growing community. From essential primary and preventive care services—to sophisticated medical imaging and diagnostic capabilities—to intricate surgical technologies and techniques—to advanced treatments in cardiac care, wound care, and cancer care—to progressive rehabilitation and pain management therapies; KRMCC is unique among rural hospitals in providing a full range of highly-technical and specialized healthcare services.

KRMCC has the distinction of being Arizona's first rural teaching hospital, offering doctors residency training in family medicine and emergency medicine.

Santa Barbara Cottage Hospital is the largest private teaching hospital on the California coast between Los Angeles and the Bay Area.

With Graduate Medical Education (GME) programs in surgery, radiology, and internal medicine, physicians in training care for diverse patient populations in both outpatient clinics and hospital settings.

Led by an experienced community of physicians, Cottage GME programs are marked by an environment of collegiality and teamwork. Collaboration among residents and faculty encourages a flexibility designed to meet the individual needs and interests of every resident. At Cottage, residents are treated with respect and encouraged to maintain a balanced life—enabling residents to reach their full potential as physicians.

Internal Medicine Residency Externships

The Internal Medicine externship appointment is for four weeks. Due to the individualized attention afforded to each extern, we accept only a limited number of students at any one time.

Requirements

Only students in their final year of medical school are eligible.

Letters of recommendation from the Dean of the medical school (i.e., good academic standing and school recognition of externship as approved part of training)

Evidence of Malpractice insurance coverage

2-step PPD; or one recent PPD and one PPD from prior year; or QuantiFERON TB Gold

Flu shot documentation (during flu season)

Proof of COVID vaccination (copy of COVID Vaccination card)

Completed application

Responsibilities

Externs in Internal Medicine are assigned to the teaching service and work closely with the resident staff inpatient care activities in the academic program on a ward team. Patient workups are assigned by the senior resident for each unit team. The student will attend morning report, noon conferences and two additional teaching sessions with a member of the teaching faculty twice per week.

Housing

Housing is available free of charge for one month, subject to availability. Housing is reserved on a first-come first-served basis, at the time of receipt of the extern's application. If housing is not available for the rotation dates requested, the extern must secure his or her own housing.

General Surgery Residency Externships

Santa Barbara Cottage Hospital offers 4-week externships in general surgery.

Requirements

The surgery rotations are only available to students in their fourth year of medical school who are anticipating a career in surgery.

A letter from the dean's office of the medical school verifying that the student is currently in good standing and that the school covers the student with liability insurance while the student is doing an outside/away rotation.

Responsibilities

Externs in General Surgery are assigned to the teaching service and work closely with the resident staff, particularly on inpatient care activities in the academic program. The Chief Resident in Surgery runs the teaching service under the supervision of the Director of Surgical Education.

Patient workups as assigned by the chief resident.

Scrubbing in on patients for whom work-ups have been done as well as other interesting operative procedures.

There are five teaching conferences with required attendance:

Wednesday morning: M & M, Surgical Grand Rounds, Resident Teaching Conference

Friday morning: Basic Science

The outpatient general surgical clinic is held twice weekly on Tuesdays. Externs attend these clinics and may also attend the gynecology and orthopedic clinics.

The emergency room is staffed full-time and is busy. Students see these patients with the residents.

Externs participate in morning and afternoon work rounds with the staff.

Housing

Housing is available free of charge, subject to availability. If housing is not available for the rotation dates requested, the extern must secure his or her own housing.

Pullman Regional Hospital (WA)

835 SE Bishop Blvd.

Pullman, WA 99163

<https://www.pullmanregional.org/>

Pullman Regional Hospital is a public, 25-bed critical access hospital with a network of a dozen clinics, located in Pullman, Washington, at the heart of the Palouse. We provide an array of treatment and prevention services, each at the forefront of the medical industry designed to provide the most comprehensive benefits to our patients. We're a small hospital known for big ideas and bold visions. More than 600 people are part of the Pullman Regional Hospital family; each and every individual contributes to our stellar reputation. A job in healthcare provides an occasion for you to serve your community and help others. Our uniqueness is not found in our physical building, technology, programs, or services. While these are important, they are only the supporting cast for our truly distinguishing feature: our people. We are dedicated to inviting those with a passion for health and healing to be part of our team.

Eisenhower Health (CA)

Graduate Medical Education
39000 Bob Hope Dr.
Rancho Mirage, CA 92270 <https://eisenhowerhealth.org/>

Clerkship/Visiting Residency Coordinator:

Selene Rodriguez
Ph: 760-340-3911 Ext. 5440
Fax: 760-837-8581
Email: srodriguezacosta@eisenhowerhealth.org

Eisenhower Health has provided high quality, compassionate care for more than 45 years through a full range of state-of-the-art diagnostic, treatment, and emergency facilities. Eisenhower is an accredited teaching hospital, with a School of Graduate Medical Education training new physicians in the specialties of family medicine and internal medicine.

Eisenhower Health has locations across the Coachella Valley for convenient, quality health care. The main campus and hospital are located on 130 acres in Rancho Mirage. Eisenhower Health is a dynamic, progressive health care complex comprised of a 463-bed hospital, the Annenberg Health Sciences Building at Eisenhower, and the Barbara Sinatra Children's Center at Eisenhower in addition to its outpatient facilities in Palm Springs, Cathedral City, Palm Desert, Rancho Mirage and La Quinta. The Betty Ford Center is also located on the Eisenhower campus. Eisenhower not only offers the highest quality health care for residents and visitors, but additionally provides a broad range of educational programs for the public, and for health care professionals.

Northeast Georgia Health System (NGHS) is a not-for-profit community health system dedicated to improving the health and quality of life of the people of Northeast Georgia. Through the services of a medical staff of more than 800 physicians, the residents of Northeast Georgia enjoy access to the state's finest and most comprehensive medical services.

Northeast Georgia Medical Center (NGMC), one of the fastest growing health systems in the state of Georgia, based in one of the fastest growing counties in the state, is perfectly positioned for medical students to live, work and play.

Medical students will learn under experienced and passionate faculty with a commitment to team-based education to promote personal and professional development. Some inpatient rotations will enable medical students to work with our resident physicians. Medical students will enjoy the NGMC culture of continuous improvement, consistent growth, cutting edge technology and breakthrough ideas.

KCU/GME-Orlando Program (FL)

Orlando Dermatology Residency Program

151 Southhall Ln #300,

Maitland, FL 32751

(407) 359-2100

<https://orlandodermresidency.com/>

Welcome to the KCU-GME Consortium / ADCS Orlando Dermatology Residency Program. Our training program, based at Advanced Dermatology and Cosmetic Surgery (ADCS), focuses on the training of physicians with a passion for Dermatology. Our program prides itself on specializing in medical, surgical and cosmetic dermatology for conditions of the skin, hair and nails. We also specialize in skin cancer prevention, diagnosis and treatment, pediatric dermatology and non-surgical cosmetic dermatology procedures.

At the ADCS Orlando program residents will have the potential to learn from a wealth of knowledge. Our program encompasses an array of faculty derived from the ADCS 300 Board-Certified Dermatologists, Board-Certified Plastic Surgeons, Fellowship-Trained Mohs Surgeons, Research Physicians and Dermatopathologists. Together the faculty provide individualized teachings within the clinic and one-on-one rotations with one of our Dermatopathologists. Group teachings are conducted with biweekly boot camps, book reviews, monthly journal clubs, monthly grand rounds, and biweekly dermpath lectures. Residents will rotate amongst faculty each excelling in different fields of dermatology including generalized dermatology, surgical dermatology, and cosmetic dermatology.

Instructions:

Students should contact the Non-Affiliate hospital site and inquire about:

Elective availability

Hospital application process

Costs associated with application/rotation

Students will then complete the RUSM Non-Affiliate Request Form via MyRoss:

- Log into MyRoss at www.rossu.edu/myRoss
- Click on Student Services
- Click on Clinical Department
- Click on RUSM Clinical Department
- Click on Clinical Forms
- Click on Request for Rotation at Non-Affiliate

Once approved for the rotation, students will need to obtain a confirmation email from the hospital and forward it to RUSM Clinical Advisement at Clinical@RossU.edu to have it added to their schedule.

Student Requirements:

- Completion of New York Infection Control Program and HIPAA
- Background check (no older than 6 months)
- 7-10 panel drug test (no older than 6 months)
- Physical Exam (no older than 1 year)
- Flu shot (during flu season)

- *Immunization Documents (Printed Lab report of Titers no older than 2 years; PPD no older than 1 year)*
- COVID-19 vaccination (students must be fully vaccinated; receiving booster is encouraged and may be mandated in the future)

Electives offered to RUSM students at site (please keep in mind no clerkship is guaranteed).

mgutierrez@metsclinicaldivision.com

We are the Primary Care Medical Home of the community. We get to know our patients, not only their medical diseases, but who they are on the core and their importance to us. We are compassionate, empathetic, understanding. We work together as a team and have built a family bond and a home away from home. We understand our patients and make sure we meet their needs. Every patient that walks through our doors is treated with dignity and concern. Most of our patients come in not only with health and mental issues but emotionally broken. We want to build them up and make them feel safe.

Instructions:

How to request elective clerkships at MRM:

Clerkships are scheduled directly through the CAC office. Please **do not** contact hospital directly. Use the RUSM Online Scheduling Tool to request any electives.

Cleveland Clinic Florida – Weston (FL)

2950 Cleveland Clinic Blvd.
Weston, FL 33331
<https://my.clevelandclinic.org/florida>

Medical Student Education Coordinator:

Evelyn Alvarez
Email: ALVAREE3@ccf.org
Phone: (954) 659-5469

Cleveland Clinic Florida, located in Weston, is a not-for-profit, multi-specialty, academic medical center that integrates clinical and hospital care with research and education. Cleveland Clinic Florida has more than 215 physicians with expertise in 40 specialties. The medical campus is fully integrated and includes diagnostic centers, outpatient surgery and a 24-hour emergency department located in the state-of-the-art hospital. Cleveland Clinic Florida has been recognized for outstanding care in the Florida region. Weston Hospital ranked No. 1 in the Miami-Fort Lauderdale metro area, according to *U.S. News & World Report's* "2021-22 Best Hospitals" rankings ([reference](#)). Cleveland Clinic Florida is an integral part of Cleveland Clinic Ohio, where providing outstanding patient care is based upon the principles of cooperation, compassion, and innovation. Physicians at Cleveland Clinic are experts in the treatment of complex conditions that are difficult to diagnose.

Instructions:

How to request electives at Cleveland Clinic Florida:

Please visit the CCF Medical Student website at: <https://my.clevelandclinic.org/florida/medical-professionals/education/medical-student-education>

Complete the application and submit it to medstudents@ccf.org

Include with application: Photo (JPG format), CV/Resume, Background Check, and PPD (both dated within 1 year of rotation)

Student Requirements:

- Professional or School Photo (JPG format)
- Flu Vaccine (current season)
- PPD (dated within 1 year of rotation) or Negative Chest X-Ray (dated within 2 years of the rotation)
- Titers/Vaccination records (dated within 5 years)
- 10 panel Drug Screening (dated within 1 year of rotation) - ask clinical@RUSMmed.edu
- Background Check (dated within 1 year of rotation)- ask clinical@RUSMmed.edu
- Proof of Covid vaccination required – name, brand of vaccine (Pfizer, Moderna, or J&J), vaccination date(s), booster status if applicable
- Copy of current year health insurance card or proof of health insurance
- CV/Resume
- Step 1 and/or 2 or COMLEX Score
- Copy of Passport & Visa if not a US Citizen

IMPORTANT DETAILS

CCF begins accepting applications on the 1st of the month, starting at midnight, 4 months prior to the start of the rotation. Applications are accepted on a first come, first served basis. Students will be notified via email of acceptance, denial, or wait-list status within 30 days of the application submission date.

Larkin Community Hospital (FL)

Larkin Community Hospital
7031 W 62nd Avenue
South Miami, FL 33143
www.larkinhospital.com

Ms. Laura Rodo-Salazar
GME Coordinator and Student Liaison
Main: 305-284-7761
Direct: 305-830-0791
Fax: 305-284-7787
Email: laura.salazar@larkinhospital.com
Website: <http://www.graduatemedicaleducation.org/>

Larkin Community Hospital is an integrated healthcare delivery system accredited by the Joint Commission with locations in South Miami, Hialeah, and Hollywood, Florida. Our network of acute care hospitals provides a complete continuum of healthcare services, including a full range of inpatient and outpatient services, home health agencies, Skilled Nursing facilities, Rehabilitation centers and Assisted Living facilities in Miami-Dade and Broward County. We are heavily invested in training the next generation of health professionals, which is the core of our mission: to provide access to compassionate care of the highest quality in an educational environment. We subscribe to the Triple Aim of Care, Health and Cost: Continually researching ways to improve the experience of care, improving health of populations, and reducing per capita costs of health care.

Medical Clerkships

The Medical Student Clerkship Program at Larkin Community Hospital provides students with educational and clinical training in numerous areas of medicine. The program was developed to provide excellent educational orientation in clinical environments as a means to develop general knowledge in areas of patient diagnosis and management. Students will receive basic medical knowledge in diverse clinical areas. Students will have direct contact with attending faculty and be able to work with Residents in the care of patients.

Instructions:

How to request elective clerkships at Larkin Community Hospital:

Students need to create a profile on Clinician Nexus and request electives through the online platform. If students need assistance creating a profile, they should reach out to Laura Salazar.

NOTE: To be considered for an elective rotation, students must complete all of their core rotations prior to the start of the elective and be in their 4th year of medical school. Some Electives and the Sub-I elective has additional requirements: minimum USMLE score of 240 or COMLEX minimum score of 550 (proof is required).

Student Requirements:

These documents are your responsibility, and **must** be submitted **45 DAYS BEFORE** the start of your rotation to Complo. Students must also log into Clinician Nexus and upload all required health documents. An invite to Clinician Nexus will be sent via email 60 days prior.

- Welcome Letter
- Personal Information / Application (*provided*)

- Curriculum Vitae (CV)
- Professional Photo
- Copy of School ID
- Copy of Driver License ID or Passport
- Agreement of Confidentiality Form (*provided*)
- Agreement of Conflict Form (*provided*)
- Agreement on use of Email and Internet (*provided*)
- Parking Policy Rules (*provided*)
- Computer Use Policy (*provided*)
- Letter of Good Standing
- Drug Screen Panel of 10
- Background Check Level 2 - *The instructions are on Clinician Nexus under the "background level II step". Please make sure to reach out to Laura Salazar at laura.salazar@larkinhospital.com and Liney Leyva at leyval@larkinhospital.com once you've scheduled your background. Please reach out to either Laura or Liney for any other questions on how to get the Level II Background check completed.*
- Immunization Documents (RUSM Health form; Printed Lab report of Titers no older than 2 years; PPD no older than 1 year)
- COVID-19 vaccination (students must be fully vaccinated; receiving booster is encouraged and may be mandated in the future)
- Health Insurance Card
- Vaccination/PPD
- USMLE 1 Score Report and USMLE 2 Score Report (*If Available*)
- BLS/ACLS (fee at discounted rate) – *students are required to complete the CPR training Larkin requires their employees to complete. Also, will require all CPR certifications to be through the employee portal. For your CPR you need to contact Laura Salazar at laura.salazar@larkinhospital.com or Liney Leyva at leyval@larkinhospital.com no later than 15-30 days PRIOR to your rotation. They will then grant access to the links for all three certifications.*
- Completion of The New York Infection Control Program and HIPPA

Electives offered to RUSM students at site (please keep in mind no clerkship is guaranteed).

Ramon Betances Hosp.-Mayaguez (PR)

CARR 2 BO SABALOS,
MAYAGUEZ, PR 00682

<https://www.mayaguezmedical.com/educacion-medica-graduada/educacion-medica/>

Graduate Medical Education Coordinator:

Ms. Damaris Vazquez Candelario

Email: damaris.vasquez@mayaguezmedical.com

The Department of Graduate Medical Education aims to provide an optimal learning environment for the acquisition of knowledge, skills and attitudes of graduates. Currently, it maintains an educational consortium with Ponce Health Sciences University, Medical Sciences Campus in Río Piedras, San Juan Bautista University in Caguas and the Central University of the Caribbean in Bayamón, among others.

In compliance with the requirements of the Administration of Mayagüez Medical Center, our Department is accredited by the Council for Graduate Medical Education (ACGME). We have two fully accredited Training Programs in the branches of Internal Medicine and Family Medicine, for a total of thirty-nine Residents.

Our office is in charge of supervising the administrative and educational processes of both Residencies, rotations and electives that they use in the Institution as a teaching workshop. All pertinent information related to the application process must first be processed by Medical Education, and then submitted to the relevant Departments.

Medical Education is located on the Second Floor of the Hospital. Their office hours are Monday through Friday from 7:00 a.m. to 3:30 p.m. For more information you can contact (787) 652-9200 ext. 72219 / 72226 (787) 833-5544.

Instructions:

Students should contact the Non-Affiliate hospital site and inquire about:

Elective availability

Hospital application process

Costs associated with application/rotation

Students will then complete the RUSM Non-Affiliate Request Form via MyRoss:

- Log into MyRoss at www.rossu.edu/myRoss
- Click on Student Services
- Click on Clinical Department
- Click on RUSM Clinical Department
- Click on Clinical Forms
- Click on Request for Rotation at Non-Affiliate

Once approved for the rotation, students will need to obtain a confirmation email from the hospital and forward it to RUSM Clinical Advisement at Clinical@RossU.edu to have it added to their schedule.

Student Requirements:

- Completion of New York Infection Control Program and HIPAA
- Background check (no older than 6 months)

Please keep in mind that all sites reserve the right to accept or deny any student based on availability, cutoff USMLE Step 1 score, or other criteria. Sites reserve the right to limit the number of clerkships offered at any given time. No site is guaranteed for any clerkship and the Academic Affairs Department at individual clinical clerkship sites have the final word on acceptance or denial of placements.

- 7-10 panel drug test (no older than 6 months)
- Physical Exam (no older than 1 year)
- Flu shot (during flu season)
- Immunization Documents (Printed Lab report of Titers no older than 2 years; PPD no older than 1 year)
- COVID-19 vaccination (students must be fully vaccinated; receiving booster is encouraged and may be mandated in the future)

Electives offered to RUSM students at site (please keep in mind no clerkship is guaranteed).

Tel: 787-892-1860 ext. 2605
Email: vtorres@hospitalconcepcion.org

Instructions:

Students should contact the Non-Affiliate hospital site and inquire about:
Elective availability
Hospital application process
Costs associated with application/rotation

Students will then complete the RUSM Non-Affiliate Request Form via MyRoss:

- Log into MyRoss at www.rossu.edu/myRoss
- Click on Student Services
- Click on Clinical Department
- Click on RUSM Clinical Department
- Click on Clinical Forms
- Click on Request for Rotation at Non-Affiliate

Once approved for the rotation, students will need to obtain a confirmation email from the hospital and forward it to RUSM Clinical Advisement at Clinical@RossU.edu to have it added to their schedule.

Student Requirements:

- Completion of New York Infection Control Program and HIPAA
- Background check (no older than 6 months)
- 7-10 panel drug test (no older than 6 months)
- Physical Exam (no older than 1 year)
- Flu shot (during flu season)
- Immunization Documents (Printed Lab report of Titers no older than 2 years; PPD no older than 1 year)
- COVID-19 vaccination (students must be fully vaccinated; receiving booster is encouraged and may be mandated in the future)

Electives offered to RUSM students at site (please keep in mind no clerkship is guaranteed).

GLOBAL HEALTH ELECTIVES

24 Hospital Ave.
Danbury, CT 06810
<https://nuvancegh.org/about-us/>

The Global Health Program at the University of Vermont (UVM) was established in conjunction with Nuvance Health in 2012. In recent years, the growing interconnectivity around the world has resulted in a heightened awareness of global health and welfare. The Nuvance Health/UVM Global Health program responded to this growth in interest by creating a variety of educational and service opportunities for medical and health sciences students, residents, physicians, and health care professionals to become involved in the world of global health care. With each experience, participants become more culturally competent and equipped to provide the best care to the incredibly diverse patient populations at home and abroad.

The Global Health Program provides students with an opportunity to participate in a 6-week global health elective that is bilateral, sustainable, and engaging in nature. The program is founded on the principles of medical education in order to foster the empowerment of future global health professionals to combat health disparities and serve as global citizens.

Instructions:

How to request a Global Health elective clerkship:

Email the RUSM Global Health Coordinator, Mr. Jeffrey Anderson, jeffrey.anderson@rossu.edu to schedule an information session.

Documentation required (Provided by the Global Health Coordinator):

- *Global Health Application*
- *Copy of your passport*
- *Letter of Motivation*
- *Letter of Good Standing*
- *Global Health Liability Form*

Electives offered in 7 different countries (please keep in mind no clerkship is guaranteed).
